Land Acknowledgement

We recognize that Berkeley sits on the territory of Huichin (Hoo-Choon), the ancestral and unceded land of the Chochoyeno Ohlone, the successors of the historic and sovereign Verona Band of Alameda County. This land was and continues to be of great importance to the Ohlone people. We recognize that every member of the Berkeley community has, and continues to benefit from the use and occupation of this land, since the institution's founding in 1868. Consistent with our values of community and diversity, we have a responsibility to acknowledge and make visible the university's relationship to Native peoples. By offering this Land Acknowledgement, we affirm Indigenous sovereignty and will work to hold University of California Berkeley more accountable to the needs of American Indian and Indigenous peoples.

We know that many of you are spread throughout the world on the land of other peoples and would like to take the time to acknowledge that ancestral history as well.

In Memoriam

Hail to California

Welcome

Dear 2021 graduates,

Congratulations on graduating from the best department of the best university in the world! Although we are not able to celebrate this important accomplishment and milestone with you in person, please know that every one of us in the Economics Department is proud of what you have accomplished and thrilled on your behalf.

Founded in 1868—just eighteen years after California became a state—the University of California, Berkeley is one of California’s gems. It has been the source of fundamental contributions to knowledge, a vital vehicle for the transmission of knowledge to generations of students from California and around the world, and an unparalleled driver of opportunity and upward mobility. And throughout its history, it has shown, over and over again, that nothing could be more wrong than the idea that there is a tradeoff between diversity and excellence. On the contrary, inclusion, diversity, and equity are crucial sources of excellence.

Founded in 1902, the Department of Economics is one of Berkeley’s gems. Its exceptional combination of extraordinary research—including five Nobel Prizes—outstanding teaching—including five winners of the campus Distinguished Teaching Award currently on the faculty—and the most talented, dedicated, and passionate students anywhere make it truly unique. You are now a part of this history of excellence as a new alum of the Department of Economics at UC Berkeley.

Congratulations, best wishes, and take care—and Go Bears!

A handwritten signature in black ink, appearing to read "David Card", with a stylized flourish at the end.

In Memoriam

“Those we love we never lose,
For always they will be,
Loved, remembered, treasured,
Always in our memory.”

- unknown

In the Time of Pandemic

And the people stayed home. And read books, and listened, and rested, and exercised, and made art, and played games, and learned new ways of being, and were still. And listened more deeply. Some meditated, some prayed, some danced. Some met their shadows. And the people began to think differently.

And the people healed. And, in the absence of people living in ignorant, dangerous, mindless, and heartless ways, the earth began to heal.

And when the danger passed, and the people joined together again, they grieved their losses, and made new choices, and dreamed new images, and created new ways to live and heal the earth fully, as they had been healed.

- Kitty O'Meara

HAIL TO CALIFORNIA

Hail to California,
Alma mater dear;
Sing the joyful chorus,
Sound it far and near.
Rallying round her banner,
We will never fail;
California, alma mater,
Hail! Hail! Hail!

Hail to California,
Queen in whom we're blest;
Spreading light and goodness
Over all the West.
Fighting 'neath her standard,
We shall sure prevail;
California, alma mater,
Hail! Hail! Hail!

"Hail to California," composed by Clinton R. "Brick" Morse in 1896
